

Product Withdrawal Notice

Part of Muata Power Solution's ULE/UVQ/UWE Series

Dear. Valued Customer

Thank you very much for your great and continued support for business with Murata. This is the official notification that some of our products will be discontinued as detailed below. Please review this, and approve in writing by Approval Due Date. Also, please place Last Time Buy Order by the Last Time Order Due Date as needed. Your understanding and support are highly appreciated.

1. Product Type, Customer/Murata/Alternative Part Numbers:

Product Type: Part of Muata Power Solution's ULE/UVQ/UWE Series

Please refer to the attached documents for detailed Part Numbers' information.

2. Reasons/Background:

Because the parts used in our company products have been discontinued, production of our company products will be discontinued according to the following schedule. Engineering searched and could not find a drop-in replacement for the discontinued parts. To continue supporting these products listed, our team would need to redesign, including a PCB layout change. A redesign is not viable due to low volume sales, current market conditions, long lead times, and, most importantly, we are unable to guarantee the product will maintain form, fit, and function.

3. Approval Due: Sep., 30, 2022

Please review this, and reply to Sales for this Notice in writing by Due Date. In case we do not get any contacts by the Due Date, we will assume that this Notice with all its contents has been accepted.

4. Product Withdrawal Schedule:

Last Time Order Due (*): Mar. 31, 2023

Last Shipment Date: Sep. 30, 2023
